## **Reporting Questions**

1. How is the social and political climate in which you work influencing your organization's strategy and planning (internally and externally)?
2. How is the current state of the systems change ecosystem impacting or shaping the way you do your work? How is your organization collaborating with other organizations in the DMV?
3. Over the last 12 months, what successes and challenges did you see in your programmatic work? What resources might you need to address them?
4. Over the last 12 months, what successes and challenges did you see in your internal administration, operations, and/or organizational infrastructure? What resources might you need to address them?
5. Over the last 12 months, how has staffing (paid staff, volunteers, consultants) at your organization grown or shifted? What are your goals for staffing over the next 12 months?
